Please note that the artist is responsible for setting the retail price of work that may be for sale in an exhibition. Work may be exhibited that is *Not For Sale*. For this exhibition sales are made at a **60/40** split with **60%** to the exhibiting artist/group and **40%** to Maine Crafts Association.

The Center for Maine Craft maintains insurance on exhibited works and takes full responsibility for their safety while on exhibition. However, the Center is a high traffic venue and we suggest that artists/organizations do not exhibit works that are of intense personal value or not covered by a retail price. Insurance coverage is limited to the **60%** of retail price.
