Important Pricing Note: The retail price of your work should be the same (within 5%) at all locations (your studio, a shop, an exhibition, a craft show, online). If this is not possible for you, you cannot sell your work at the Center for Maine Craft.

The vendor's (60%) consignment price is calculated by taking the retail price and multiplying by .60
Ex: $\$150 \times .60 = \90.00 . Vendors selling work with a retail price of \$2000 or higher will receive 70% of the price.

Qty	Item Description	Consignment Price	Retail Price
