Please note that the vendor is responsible for setting the retail price. Vendors must price their product at the Center within 5% of the price it is listed elsewhere (studio, other galleries, craft shows, etc.)

The vendor's (60%) consignment price is calculated by taking the retail price and multiplying by .60
Ex: $150 x .60 = $90.00. Vendors selling work with a retail price of $2000 or higher will receive 70% of the price.
